

Product Installation and Removal

Add a Basket Liner (PN 100557) to each Bag Support Tray opening to provide cushion/support for a product bag with the small cap. Follow instructions below to install the liners and insert product.

Basket Liner Installation

Inside view of Bag Support Tray

Step 1. Open the cabinet door and locate the Bag Support Tray. **Caution:** Tray may be hot when adding or changing the product.

Step 2. Position a Basket Liner as shown above for each tray opening.

Product Installation

Step 1: Pull ring to remove fitting cover from a preheated product bag. Use a new dispenser tube (PN 5285) for each bag.

Step 2: The dispenser tube will pierce the inner seal of the bag when installed. Make sure the cap is securely threaded onto the bag fitting. **Caution:** Product may be hot.

Step 3: Open the front door of the dispenser. Open the tube clamps by turning both cams in the direction away from the pump assembly (see image above).

Cabinet Exterior – Decals and Bottom View

***CAUTION:** If supply cord is damaged, it must be replaced by Gold Medal Products Co., its service agent, or similarly qualified persons in order to avoid a hazard.
